Moivaro Village Walk

Take a walk in Moivaro village to see everyday life in Tanzania and make closer contact with the people. You can visit a local banana brewery and sample its beer; or hear the story of a local eccentric, and marvel at the tree house he fashioned for himself. There is a chance to learn about coffee and banana farming. A walk is typically 2 hours long and can involve a climb up Oldonyo Maas Hill for those looking for a more demanding experience.

Moivaro School & Nursery Project

Moivaro Lodge has been providing financial support to a primary school in Moivaro village since 2003. 1040 students currently attend the school. A newly renovated Nursery School will also soon open its doors to young learners in 2008 as a result of support from the Lodge.
